Upon reconsideration, claims 1 and 2 are now considered to be patentable over the patent to Mori for the reasons set forth in appellant's brief. Non-elected claim 3 will be rejoined after applicant supplies copies of the three foreign patents cited on the IDS filed on January 17, 2002. The examiner just discovered the aforementioned IDS in the back of the file. None of the three cited foreign patents were in the file. Consequently, it is suggested that applicant resubmit copies of these patents.
